

## Face Mask - NP12/NP12K Product Technical File

### Description

NP/12 and NP12K are disposable activated carbon face masks. Its 4-ply filtration could block out dust, odors, pollen, soot and dust mites. It is perfect for outdoor activities, yard works, cleaning in dusty environments.

The face mask is composed of:

	Material	Function
Layer 1	Spunbond nonwoven fabric	Fluid resistant layer
Layer 2	Activated carbon fabric	Odors filtering layer
Layer 3	Meltblown nonwoven fabric	Dust blocking layer
Layer 4	Thermobond nonwoven fabric	Sweat absorbing layer

### Directions for Use

1. Remove a face mask from the plastic bag.
2. The side of the mask that has a stiff bendable edge is the top and is meant to mold the shape of your nose.
3. The dark side of the mask is the front and should face away from user, while the white side touched user's face.
4. Hold the mask by the ear loop. Place a loop around each ear.
5. Mold the stiff edge to the shape of your nose.
6. Pull the bottom of the mask over user's mouth and chin.

### Storage

Face masks can be stored for 5 years in their original packages. Please keep face masks in ventilated stores at room temperature. Extreme temperatures may alter its storage life. Avoid direct exposure to sunlight and heat sources.
