Overview

SPC® Spill Kits from Brady® combine absorbents, accessories, PPE and instructional guidelines so you are prepared for emergencies when a spill occurs.

- Highly versatile, grey absorbents pick up water-based, petroleum-based and non-aggressive, chemical fluids
- 20-Gallon Drum is a UN-approved, water and chemical resistant polyethylene container with screw top lid for small-medium response
- Improve worker productivity and efficiency by placing spill kits around your facility close to areas prone to spills
- Spill kits are ideal for fast response to critical accidents
