

Portable Metal Group Lockout Boxes

Product Highlights

Lockout Box Material: Steel

Maximum Number of Padlocks: 13

Part Number: 65699

Overview

Made of heavy-duty steel and powder coated for extra rust-resistance; this portable box includes a lockable clasp and a slot to allow keys to be inserted when box is locked.

- Accommodates up to 12 padlocks on the lid and can also be used as a lock storage box for up to 40 padlocks.
- Use one lock on each energy control point and place the keys in the lockout box; each worker then places his own lock on the box to prevent access
- Each employee retains exclusive control, as required by OSHA, by placing his own lock on the lockout box containing the keys to the job locks
- As long as any one worker's lock remains on the lockout box, the keys to the job locks contained inside cannot be accessed
